**What is a bad date?** A bad date is anything that you don't want others to experience. This includes an uneasy or creepy feeling about someone, theft, refusal of payment, threats, and all acts of violence and aggression.

**Shift provides support services** to adults of all genders who are working (or have worked) in the sex industry. We have a harm reduction and rights-based approach to sex work: this means that the safety and human rights of sex workers are our focus. Our support is here for those wanting to continue working in the industry, leave the industry, or anything in between. We have **peer support available** in one-on-one or group settings. **Groups** occur every last Tuesday of the month and are open to any current or former sex workers – get in touch for details.
